

# Read, Reflect, Connect

#readreflectconnect #RRC

Monday 6th February, 10-11am

During 2023, the ADHD Foundation will be running a series of webinars to support parents, grandparents and carers to develop a love of stories with their primary-aged children! In particular, how to share stories when your child is a reluctant reader, has sensory sensitivities, specific interests or is always on the go!

The first webinar in the series is all about sharing stories with very active, energetic children. This will include practical strategies and tips to develop a love of reading and telling stories together, with an opportunity for questions at the end.

Join us on Monday 6th February at 10am on Zoom to hear more.

If you have any questions, please contact [lauren.grocott@adhd.foundation.org.uk](mailto:lauren.grocott@adhd.foundation.org.uk).
